

Cooling Wash Stops Itching

What long nerve-racking days of constant torture—what sleepless nights of terrible agony—itch—itch—itch, constant itch, until it seemed that I must tear off my very skin—then—
Instant relief—my skin cooled, soothed and healed!
The very first drops of D. D. D. Prescription for Eczema stopped that awful itch instantly; yes, the very moment D. D. D. touched the burning skin the torture ceased.
D. D. D. has been known for years as the only absolutely reliable eczema remedy. It washes away the disease germs and leaves the skin as clear and healthy as that of a child.
Come to us and we will tell you more about this remarkable remedy. Your money back unless the first bottle relieves you. D. D. D. Soap keeps your skin healthy. Ask about it. Benson, Smith & Co., Ltd.—Adv.

Orange Blossom Candy

Saturday, October 14th, is NATIONAL CANDY DAY. You, of course, know of Raisin Day and Pineapple Day. Well, this day has been set apart by the Candy Manufacturers throughout the United States as a day in which to set forth the Supreme Food Value of Candy.

Here in Honolulu we will observe the day by giving to every purchaser of goods to the amount of 50c or more, one-half pound box of the Celebrated Orange Blossom Candy, Free, Manu-wahi. Only one box to a customer. The retail value of this candy is 50c and as we have only 300 boxes, come early. Out-of-town buyers, please send in your orders by Friday.

LEPERS FOUND IN JAPAN FROM THESE ISLANDS

Consul George H. Scidmore of Tokyo Informs Secretary Thayer in Letter

Induced by a belief which is evidently quite prevalent to the effect that a certain spring of "healing" waters in Japan is a cure for leprosy, not less than eight or nine lepers are now in that country, mostly desiring to return to Hawaii, according to the American consul-general, George H. Scidmore in a letter to the secretary of the territory.

Scidmore states in his letter—in fact, in two letters which he has sent here—that something should be done to dispel this belief which he declares is erroneous, and to induce victims here to seek the help from the disease which Hawaii provides.

Letter Written in May
Consul Scidmore's first letter to Secretary Thayer was received here in May of this year. In it the consul stated that several citizens of the Hawaiian Islands were in Japan afflicted with leprosy, and that some of them should be taken care of by the territory as they were without means and were being treated in a Tokyo hospital.

Secretary Thayer immediately took the matter up and wrote back to learn how large a number of lepers from Hawaii were to be found in that city. He expressed surprise that, in consideration of Hawaii's providing probably the best care of her lepers of any place in the world there could be a "large" number of such people in Japan.

More Information Received
Consul Scidmore's answer has just been received. It gives the names of eight persons from Hawaii who have evidently been in Japan for several years, who are afflicted with the disease. One or two others are mentioned whose names are not known to the consul.

A mainland paper of recent date prints the following under a Yokohama date line:
"The discovery of about 25 American lepers in different parts of Japan has become a pressing problem for American officials and for the American Association of Japan, which is undertaking to secure their transportation to the American leper home in the Hawaiian Islands."

"The lepers have made their way here in recent years with the hope that they might be healed at the famous Japanese hot springs, especially those at Kusatsu, which are always crowded with Japanese lepers taking the waters. Gradually they have drifted to missionary leper hospitals or have in other ways become burdens on the community. In view of the excellent asylum at Hawaii the American association is taking active steps to secure their removal."

"Leprosy is one of the great questions seeking solution by modern Japan. It is estimated that the lepers of the empire number about 25,000. Five governmental leper asylums were established in 1907, but they accommodate only a few thousand. The remainder are scattered over the country desperately seeking a cure in the hot springs or publicly begging in the market place or before the temples."

MRS. VAUGHAN RECOVERING FROM PAINFUL INJURIES

Mrs. V. O. Vaughan, mother of Federal Judge Horace W. Vaughan, is recovering nicely from a painful injury which she suffered while on her way to Honolulu recently. With her daughters, Mrs. W. C. Brown and Miss Mintz Vaughan, Mrs. Vaughan has taken an apartment at the Romogoy, and expects to remain here through the winter months.

Mansaku Uda and Miss Yuke Ideta, well-known local Japanese, were married last Sunday evening at St. Clement's church, Makiki. Rev. Leland H. Tracy, vicar, performed the ceremony.

The county's great register is open again after being closed for a few days before the primary election. It will be closed again on October 18, to reopen after the regular November election.

The British women of Hawaii who are planning to send presents from here to the boys in the trenches at Christmas time will hold a final meeting at 4 o'clock Wednesday afternoon in the Library of Hawaii.

The board of liquor license commissioners has called a meeting for Wednesday, October 18, to consider the application of Yuki Nakashima for a second-class restaurant license to sell intoxicating liquors on Pauahi street.

Work of removing the roof of the quarantine station preparatory to relocating the structure makai of its present foundation was begun Monday by the Lord-Young Engineering Company, the contractors.

BOYS' CLASSES AT Y. M. OPEN THIS EVENING

The Y. M. C. A. night schools are beginning the fourth year of their classes for employed boys. Last year 53 boys were in the classes during the winter. Tonight the classes will start in the fifth, sixth, seventh and eighth grades. The teachers will be men teachers and the courses will correspond to the work given in the public schools. Ross Page, Earle C. Bartlett and L. W. Flagg will be the teachers at this school.

An attractive feature of the membership in the boy's department of the association this year will be the clubs of the "American" and "National" leagues, which were formed last night at the first bean supper. Each league has several clubs in it.

Enrollment in these classes will take place tonight with R. K. Thomas, educational secretary, at the association offices.

The report of the United States bureau of the census on the production of alums in the United States shows that the total output for 1915 was \$13,712,000 pounds, valued at \$3,467,969, compared with 276,294,000 pounds, valued at \$3,022,355 in 1909.

A kettle "sings" because the air in the water escapes by fits and starts and so makes the "singing" noise.

AD CLUB WILL WELCOME HOME TWO MEMBERS

Lunchers Will Also Discuss Bond Issue to Be Voted on Four Weeks Later

Welcome home to two of its returning members will be extended by the Ad Club at its luncheon Wednesday. These two returning ones are J. D. Levenson, vice-president of the club, and J. Morton Riggs of the membership committee.

When discussion turns to other matters there are some of more than usual interest and importance that will be considered. Foremost of these is the bond issue, upon which the vote is now but four weeks off. The road committee will report on the provisions of the bonding proposal which relate to water and sewers. The matter of roads for which bonding is asked has already had more full discussion than the subjects that will be reported upon at the Wednesday luncheon.

Why work is delayed on improving Kalakaua avenue will also be told.

DAY'S SESSION STOCK EXCHANGE BRINGS ON RUSH

Not in many a day has the stock exchange seen a session so busy as was that of this morning. There had been hoard reports on the street that sugar had secured a further advance to 6.14, which may have had something to do with the sudden demand that arose for stocks. In any event there arose a sudden demand for stocks and the supply was not readily found so that an advance was scored in prices in several instances.

Sales between boards were not indicative of the business which developed at the session. They amounted to 560 shares while session sales ran to 1308. Ewa advanced from 35 to 35 1/2, Oahu from 31 1/2 to 32 1/2 and other prices were Wailua 34 1/2, Pioneer 41, McBryde 11 1/2, San Carlos 20 1/2, Brewery 19 1/2 and Wailuku 35.

In unfilled securities Engels Copper continued its advance and there were persistent bear efforts directed against Mineral Products, which met with little success. Engels, sold at \$2.23 1/2 for 100 shares and then rose to \$3.30, at which figure there were sold 770 shares. Cal. Haw. Development also scored an advance and 1000 shares sold at 15 cents.

Mineral Products was most heavily dealt in, 3125 shares going at \$1.22 1/2 and 1920 at \$1.20.

G. P. WILDER IS CALLED TO COAST; MRS. WILDER ILL

Gerrit P. Wilder, nominated by a big vote last Saturday as Republican candidate for the house from the fourth district, sailed for San Francisco on the Manoa at noon today, called by a cablegram with news that Mrs. Wilder is quite seriously ill.

Mr. Wilder hopes and expects to return to Honolulu before the election on November 7. In the meantime his friends are preparing to work hard for his election and express every confidence that the big vote he got on Saturday will be repeated and expanded in the finals.

"I want to express my appreciation of the vote I was given in the primaries," he said just before leaving. "I am sorry that I cannot be here during the campaign, to do what I could for the success of the whole ticket, and I shall make every possible effort to return before election; but that, of course, must depend upon Mrs. Wilder's condition."
